II. COMMUNICATION WITH THE ACCOUNTING FIRM

This results forecast has not been preliminarily audited by a certified public accountant.

III. REASONS FOR THE CHANGES IN RESULTS

- 1) During the Reporting Period, the prices of major raw materials of the Company such as wood chip and wood pulp as well as energy recorded a year-on-year decrease. At the same time, the Company enhanced its cost control, improved production efficiency and strengthened sales management, resulting in a year-on-year increase in the production and sales volume of pulp and paper, as well as a year-on-year decrease in unit production cost.
- 2) With further focusing on the development of its main business of pulp and paper making, the Company continues to optimise its asset structure and enhance its asset quality, thereby strengthening its profitability. During the Reporting Period, the disposal of non-major operations generated non-recurring gains or losses of approximately RMB240 million.
- 3) With the continuous support from the national macroeconomic policies, downstream demand has gradually recovered, and industry prosperity started to pick up. Meanwhile, the Company will continue to reduce cost and enhance efficiency through measures such as strengthening cost control, improving operation efficiency and stepping up efforts in the disposal of non-major operations, so as to further improve the profitability of the Company.
